on Plastpro
Steel Doors

20 Min Fire Rated

WHY PLASTPRO STEEL DOORS?

plastpro 20 Minute STEEL DOORS

24 gauge

HIGH-DEFINITION

Why Plastpro Steel Doors?

Safety & Security

- 24 Gauge steel has more protection than traditional wood doors
- Fire resistant materials allow for a 20 Minute Fire Rating
- Superior construction creates a strong, safe and long lasting product

Design Elements

- Beautiful High Definition panels
- Composite bottom rail helps prevent water absorption
- Double coating system (Hot Rolled Galvanized)
- High salt water spray testing

Benefits

- Energy STAR qualified
- Recyclable material and longer lasting than wood doors
- Low maintenance and affordable product
- 5 Year Limited Warranty

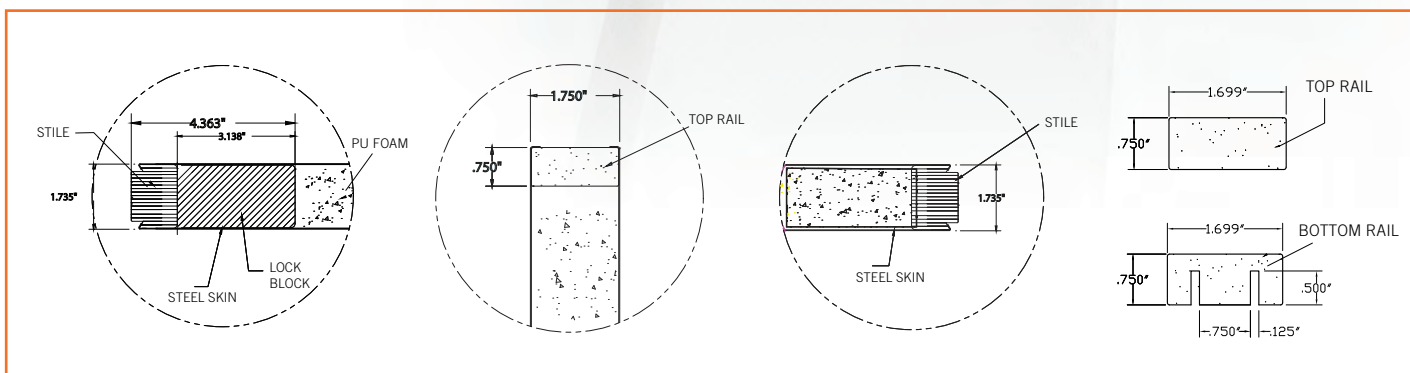

Size & Design

2/8 & 3/0 x 6/8: Flush, Four Panel Blank Top & Six Panel

Glass Options

- Fits industry standard doorlite sizes
- Variety of doorlite design options available (see pg.4)
- Many options to fit your home style
