

California Wildland Urban Interface (WUI)

A Building Code requirement in California that provides protection for homes from wildfires.

The first exterior entry door company to list with Cal Fire state fire marshal's office, Plastpro's opaque foam core fiberglass entry doors meet the California Wildland Urban Interface (WUI) requirements. Some models are also available 20 minute Fire Rated for additional protection. This building code provides protection for homes from wildfires. To confirm building code requirements in your jurisdiction, always check with your local building code authority.
